

Hygiene rules

- Keep a distance of at least 1.50m between yourself and others!
- It is compulsory to wear a face mask inside the building. In class, the teacher may allow students to remove the mask once they have reached their place. If students and teachers move around the classroom, they must wear a face mask.
- In the staircases, walk only in the direction indicated by the arrows and stop at the signs (= one-way street).
- In the corridor, walk only on the right side.
- Use the elevator alone.
- Wash and/or disinfect your hands when entering bibis.
- Enter the classroom one at a time and sit in the same place every day.
- Observe the sneezing and coughing rules (see posters for more details).
- Ventilate the classrooms several times throughout the day, at least during each break for several minutes with all windows wide open.
- Do not form groups during breaks, please see distance rules.
- Only one person may be in the women's and men's bathroom at a time.
- The tables and other materials used in the classroom must be cleaned after the last lesson.
- After the end of a lesson, students and teachers must leave the bibis rooms as quickly as possible.
- Please do not come to class if you feel unwell or have the following symptoms: fever, cough, shortness of breath, etc. Please inform the bibis staff if you think you may have COVID-19 or if you or a person in your close environment has tested positive.

Bielefeld, 18.05.2020
